Travel Notifications

ATM and debit card fraud is on the rise. Remember to notify the card provider by calling the number on your debit card to report the dates and states you will be traveling to. Having a note on the debit card system is always helpful if your transaction activity appears out of the ordinary.

Night Drop

Remember the credit union provides a night drop receptacle for your convenience. It is located on the east side of the branch by the drive thru area.

ACH Updates

This is your friendly reminder that the next phase of the new ACH guidelines are here. The next phase of the “same day” ACH posting will mean that debit files will be posted to your account(s) throughout the day. The previous process posted debit files in the morning by 9:00 a.m.

It is your responsibility to check your balance and cleared items prior to withdrawing funds from your accounts. You will want to ensure your transfers and payments have been initiated.
