

Safari Savers – Custodial Minor Accounts

Safari Sam says it is never too early to start saving! Whether you are a young parent trying to give your child the best start in life, or a youngster setting aside an allowance for a rainy day!

Ask your credit union representative about the new program and proper guidelines for minor accounts. We encourage parents to establish a Safari Saver – Minor Account for their children. Start today with your child's credit union membership.

Bring Your LOANS to FCFCU

Don't let the Dealers sway you from financing with your credit union. Compare rates before you finance, in almost all instances we can beat Dealer rates!
